E. Trial Demand.

The Plaintiff in the above-captioned complaint, Michael Kennedy, demands a trial by jury in this matter.

II. Summary of Complaint

(1) Automatic dialing phone systems are capable of delivering a large number of artificial or prerecorded voice messages to homes and businesses in a short period of time. For this reason, such systems have been used for a wide variety of commercial and non-commercial purposes. However, due to the privacy and public safety concerns raised by the use of these

dialing systems, Congress, as well as the Maryland legislature, enacted the TCPA and MTCPA respectively. The TCPA places restrictions on the use of these dialing systems and empowers the *Federal Communications Commission* (hereinafter "FCC"), to promulgate rules to achieve the purposes of the TCPA. Title 47 U.S.C. § 227(d) of the TCPA and 47 C.F.R. § 64.1200(b) of the accompanying FCC rules require that all artificial or prerecorded telephone messages adhere to certain technical and procedural standards. Specifically, these messages are required to contain two disclosures: (1) the identity of the business, individual, or other entity that is responsible for initiating the call, and (2) the telephone number of such business, individual, or other entity that initiated the call. A purpose of the requirement that the sender of the prerecorded message identifying himself or itself is so that the recipients of the messages will better understand why the messages are being sent. A second facet of the restrictions imposed by the TCPA is to prohibit non-telemarketing prerecorded calls to cell telephones without prior expressed oral consent. *Id.* at (a)(1)(iii).

(2.) Commencing on February 20<sup>th</sup>, 2014, Defendant Harris & Harris, Ltd., began initiating ATDS calls to Plaintiff's cell telephone and leave prerecorded telephone messages. These calls and subsequent messages violated the TCPA, and conversely the MTCPA, because they were initiated without any prior oral consent, did not allow a consumer to opt out of future robo-calls during a robo-call, and did not contain the required disclosures.

### III. Factual Allegations

(3.) Plaintiff's cell telephone number is listed on the national "Do Not Call" registry data book.

(4.) Defendant is neither a non-profit organization nor a covered entity entitled to exemption under the provisions of 47 C.F.R. § 64.1200(a)(2).

(5.) Plaintiff has never had any form of business dealings nor connection with Defendant prior to the filing of this complaint.

(6.) Plaintiff has never provided nor given Defendant consent, either orally or in writing, to call Plaintiff's cell telephone utilizing an ATDS and leave prerecorded voice messages on his cell telephone voice message system.

(7.) On or about February 20<sup>th</sup>, 2014, at approximately 11:28 AM., Defendant began utilizing an ATDS to deliver a series of prerecorded voice messages to Plaintiff's cell telephone voice message system. The message, as recorded on Plaintiff's cell telephone voice message

system, stated as follows:

We have called several times to reach "blank" and we have not received a return phone call. This is an important matter for "blank." Please deliver this message as soon as possible. Have "blank" call Mr. Scott at 312-893-4809. Thank you. Goodbye.

(8.) The prerecorded voice message quoted above in ¶ 7 of this complaint did not state either the identity of the individual, business, or other entity responsible for initiating the call or indicate in any fashion that the telephone number provided was for the individual, business, or other entity responsible for initiating the call or its purpose.

(9.) On or about February 21<sup>st</sup>, 2014, Plaintiff telephonically contacted Defendant at the telephone number referenced above in ¶ 7 of this complaint. At that time, a female employee of Defendant informed Plaintiff that they required Plaintiff's full name, address, social security number, and current creditors before providing any information regarding the calls or connecting Plaintiff with "Mr. Scott."

(10.) Defendant omitted the identifying information required by the TCPA in order to disguise the purpose of its call. Had Defendant advised Plaintiff that the calls were being made in order to obtain his personal consumer information, it would have changed a recipient's response - that the Defendant was attempting to obtain consumer's personal information for its own commercial purposes and financial gain.

(11.) On or about February 22<sup>nd</sup>, 2014, Plaintiff mailed a cease communication and desist contact letter to the Defendant.

(12.) On or about March 5<sup>th</sup>, 2014, at approximately 11:37 AM., Defendant again utilized an ATDS to deliver a prerecorded voice messages to Plaintiff's cell telephone voice message system. The message, as recorded on Plaintiff's cell telephone voice message system, was identical to the voice message identified above in ¶ 7 of this complaint.

(13.) On or about March 7<sup>th</sup>, 2014, at approximately 11:08 AM., Defendant again utilized an ATDS to deliver a prerecorded voice messages to Plaintiff's cell telephone voice message system. The message, as recorded on Plaintiff's cell telephone voice message system, was identical to the voice message identified above in ¶ 7 of this complaint.

(14.) On or about March 11<sup>th</sup>, 2014, at approximately 12:27 AM., Defendant again utilized an ATDS to deliver a prerecorded voice messages to Plaintiff's cell telephone voice

message system. The message, as recorded on Plaintiff's cell telephone voice message system, was identical to the voice message identified above in ¶ 7 of this complaint.

(15.) On or about March 15<sup>th</sup>, 2014, at approximately 12:24 AM., Defendant again utilized an ATDS to deliver a prerecorded voice messages to Plaintiff's cell telephone voice message system. The message, as recorded on Plaintiff's cell telephone voice message system, was identical to the voice message identified above in ¶ 7 of this complaint.

(16.) On or about March 20<sup>th</sup>, 2014, at approximately 2:57 PM., Defendant again utilized an ATDS to deliver a prerecorded voice messages to Plaintiff's cell telephone voice message system. The message, as recorded on Plaintiff's cell telephone voice message system, was identical to the voice message identified above in ¶ 7 of this complaint.

(17.) Defendants' use of an ATDS to deliver prerecorded messages to Plaintiff's cell telephone, without prior consent and regardless of the content or initiator, was a nuisance and a further invasion of Plaintiff's privacy at all times relevant to this complaint.

#### IV.

#### Cause of Action

(18.) Defendant initiated the above described prerecorded messages to Plaintiff and did not clearly identify those responsible for initiating the telephone calls at issue and did not obtain any prior oral consent to deliver such prerecorded messages to Plaintiff's cell telephone, in violation of 47 U.S.C. § 227 *et seq.* of the TCPA and 47 C.F.R. § 64.1200(b) of the FCC rules. A violation of the TCPA constitutes, conversely, a violation of the MTCPA under Maryland State law.

(19.) Each call initiated by the Defendant in violation of the TCPA and the FCC rules , as identified above in ¶ 9 and ¶¶ 12 - 16 of this complaint, constitute a separate violation. Defendants committed a total of six individual violations. to the actual date of this filing.

(20.) The six individual violations of the TCPA and the FCC rules, as identified above in ¶ 9 and ¶¶ 12 - 16 of this complaint, constitute six separate violations of the MTCPA.

(21.) Defendants' violations of the TCPA and its accompanying FCC rules were knowing and willful.

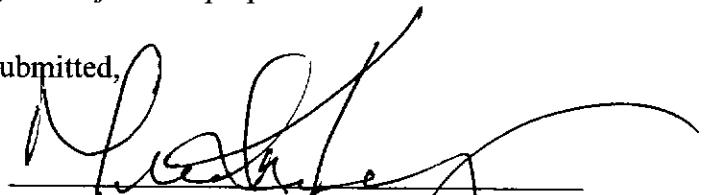

#### V.

#### Prayer for Relief

Wherefore, Plaintiff Michael Kennedy respectfully requests that this Court enter judgment against Defendant, jointly and severally, on the claim alleged above and award the following relief:

- a. A permanent injunction prohibiting the Defendants from future violations of the TCPA and MTCPA;
- b. Monetary damages in the amount of \$500 for each violation of *47 U.S.C. § 227 et seq.* of the TCPA contained in this complaint, as authorized by *47 U.S.C. § 227(f)(1)*, which Plaintiff requests be trebled by the Court because Defendants' violations of the TCPA were knowing or willful;

Respectfully submitted,

Michael Kennedy
